

### Key Highlights

A total of 481,586 60-kilo bags of coffee valued at US\$ 85.57 million were exported in January 2024 at an average price of US\$ 2.96/kilo US cents 22 higher than US\$ 2.74/Kilo in December 2023 and US cents 69 higher than US\$ 2.27/kilo in January 2023. This was a decrease of 2.53% in quantity but an increase of 27.23% in value compared to the same month last year.

Farm-gate prices for Robusta Kiboko averaged UGX **4,250** per kilo; FAQ UGX **9,750** per kilo, Arabica parchment UGX **10,500** per kilo and Drugar UGX **9,750** per kilo.

Coffee exports for the twelve months (February 2023-January 2024) totaled 6.10 million bags worth US\$ 983.41 million compared to 5.73 million bags worth US\$ 865.76 million in the previous year (February 2022-January 2023). This represents an increase of 7% and 14% in quantity and value respectively.

69% of the total volume was exported by 10 exporters, out of 53 companies which performed during the month compared to 72% in December 2023.

Mt. Elgon A+ fetched the highest price at US \$ 5.29 per kilo.

### 1. Coffee exports

Coffee exports in January 2024, amounted to 481,586 60-kilo bags, worth US\$ 85.57 million as shown in Fig 1. This comprised of 403,508 bags of Robusta valued at US \$ 68.17 million and 78,078 bags of Arabica valued at US\$ 17.40 million (see Table 1 and Annex 1). This was a decrease of 2.53% in quantity and an increase of 27.23% in value compared to the same month last year.

By comparing quantity of coffee exported by type in the same month of last Coffee Year (January 2023), Robusta decreased by 2.18% in quantity and increased by 37.51 in value. Arabica exports decreased by 4.27% and 1.60 in quantity and value respectively.

The monthly coffee exports performance was slightly lower than the previous year and this was partly on account of a small Arabica harvest in Elgon region. The value of coffee however increased in tandem with higher global coffee prices which have been driven by continued concerns over the supply situation, especially in Indonesia and Vietnam.

Coffee exports for the twelve months (February 2023-January 2024) totaled 6.10 million bags worth US\$ 983.41 million compared to 5.73 million bags worth US\$ 865.76 million in the previous period. February 2022-January 2023). This represents an increase of 7% and 14% in quantity and value respectively.

## 8. Coffee Consumption and Promotional Activities.

UCDA promoted Uganda specialty and Fine Robusta at the world of coffee expo that was held in Dubai from 21st to 23rd January 2024. Cupping sessions were held with potential buyers, business to business meetings were held and information on Uganda coffee trade and exportable grades was disseminated. UCDA co exhibited with 5 exporters /producers who were able to make contacts with potential buyers. High interest in Specialty coffee and commercial Robusta was registered.

Promoted local coffee consumption and value addition at the East Africa Trade and Investment Forum as part of the NAM (Non-Aligned Movement) summit activities that was held at Kampala Serena hotel from the 15th to 20th January 2024. Over 500 cups of coffee for tasting were provided to the international delegates from Thailand, Denmark, China, East Africa. In addition, among Uganda Exhibitors were Uganda Airlines, UNBS, Tourism board, Tooke, URA, Africa-Exim bank there were different ministries, agencies, embassies, departments.

Over ten international business men were interested in buying Uganda Coffee both Green and roasted and were given contacts of the Exporters and Local Roasters for further negotiations.

## 9. Coffee Development Activities

During the month of January 2024, UCDA set up 128 demonstrations, including 84 for Good Agricultural Practices (GAPs), 5 for Coffee Wilt Disease resistant (CWDr) varieties, and 39 for Rehabilitation and Resettlement (R&R). These demonstrations were distributed across various regions, with a focus on different coffee-growing districts. Additionally, 110 nurseries (comprising 102 CWDr and 8 Arabica), 12 mother gardens, and 3 seed gardens were verified for certification. Soil fertility support was provided to 68 farmers through soil sampling and analysis, leading to appropriate recommendations. A significant number of unproductive coffee trees were stumped to enhance productivity.

Capacity building efforts targeted 2,735 farmers through 122 training sessions across multiple regions, covering topics such as rehabilitation, fertilizer use, and pest control. Advisory services were extended to 1,086 individual farmers through farm visits. Radio talk shows were conducted to disseminate information on various aspects of coffee farming, including Good Agricultural Practices, post-harvest handling, and soil conservation measures.

The Geospatial Monitoring & Evaluation (M&E) system was utilized to register farmers, farms, nurseries, and mother gardens across eight regions. Additionally, inspections were carried out on coffee processing facilities, stores, hullers, roasters, traders, and exporters. Meanwhile, collaboration activities involved assessments for irrigation support, stakeholder engagements, and joint missions. Challenges such as pests and diseases, including the Black coffee twig borer and Red blister disease, were addressed, along with the high demand for planting materials from farmers. Overall, the comprehensive efforts aimed to enhance coffee production and quality while addressing various challenges across different regions of Uganda.

## 9. Outlook for February 2024

Coffee exports are projected to be 450,000 bags. Harvesting of the main crop north of the equator and the fly crop in South western and Greater Masaka is tailing off.
