Uganda Coffee Development Authority

The Uganda Coffee Development Authority (UCDA) is a government agency mandated to oversee, promote and regulate the coffee sub sector.

UCDA was established by an Act of Parliament 1991, amended in 1994, Cap. 325 and the Coffee Regulations of 1994. The National Coffee Act, 2021 has repealed and replaced UCDA Cap. 325.

OUR MANDATE

To regulate, promote and oversee the quality of coffee along the entire value chain, support research and development, promote production, and improve the marketing of coffee in order to optimize foreign exchange earnings for the country and payments to the farmers.

OUR VISION

A sustainable coffee industry with high stakeholder value for social-economic transformation.

OUR MISSION

To facilitate increase in quality coffee production, productivity, and consumption.

MISSION OBJECTIVES

- Promote, improve and monitor marketing of coffee to optimize foreign exchange and farmers' earnings;
- Guarantee that the quality of coffee exports meets international standards;
- Develop and promote the coffee and other related industries through research and extension arrangements;
- Promote the marketing of coffee as a value-added product;
- Promote domestic consumption of Uganda coffee;
- Harmonize activities of coffee sub-sector associations in line with industry objectives; and
- Formulate policies related to the coffee industry

SUSTAINABLE COFFEE GROWING AREAS

White Nile Coffee

This is Arabica Coffee that comes from the Northwestern part of Uganda. The coffee has a rich creamy, buttery body, refined acidity with a clean disappearing aftertaste.

Rwenzori Coffee

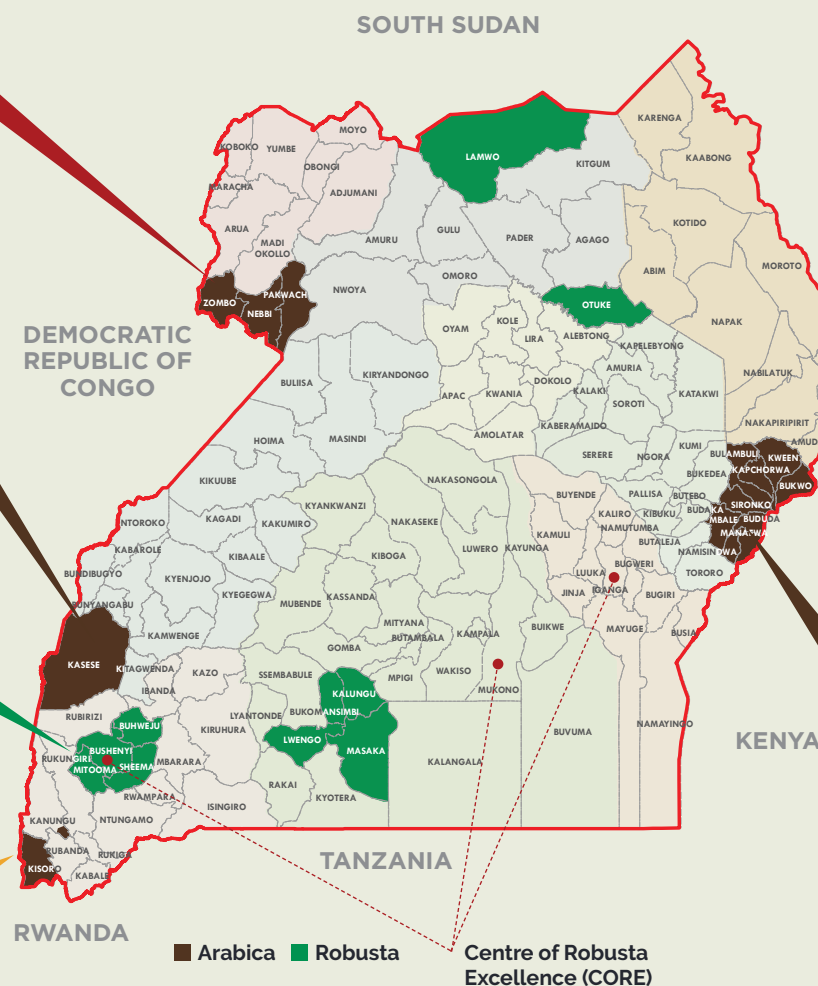

Rwenzori Arabica Coffee is grown on the volcanic soils of the slopes of Mountain Rwenzori located in the Western part of Uganda. The coffee plantations are constantly irrigated by the waters from the various crater lakes on Mt. Rwenzori. The naturally processed Rwenzori coffee has a strong mouthfeel with a floral and winy flavour, while the wet-processed coffee has a tightly knit mouthfeel, soft acidity and distinctive flavour.

Nyakishenyi Arabica Coffee

Grown in the highlands of Southwestern Uganda, Nyakishenyi Coffee has a well-balanced cup with crispy acidity, a smooth mouthfeel and a rich flavour.

Kisoro Arabica Coffee

Grown on the slopes of Mt. Muhavura in Southwestern Uganda. It has lively acidity, creamy mouthfeel and a sweet flavour with a pleasantly lingering aftertaste.

UGANDA FINE ROBUSTA COFFEES

SPECIAL ATTRIBUTES OF UGANDA ROBUSTA COFFEE

- Robusta coffee originates from Uganda.
- High altitude grown (900-1500) that enhances acidity and a mild soft sweetness, giving it a neutral Robusta taste.
- Generally cultivated with no application of chemical fertilizers, fungicides or pesticides so it is organic by default.
- It has high frothing properties ideal for espressos.
- The crop is available throughout the year.

Mount Elgon Coffee

This is a fully washed Arabica Coffee grown in the volcanic soils on the slopes of Mt. Elgon in Eastern Uganda. The beans produce a round-bodied brew with complex flavour, characteristics of lively acidity and a pleasant lingering aftertaste.

Bugisu Arabica Coffee

Grown in the highlands of Eastern Uganda, Bugisu Arabica has a smooth body, sweet flavour, refined acidity and pleasantly lingering aftertaste.
