**London International Financial Futures and Options Exchange (LIFFE) Robusta coffee futures:** Closed higher across the board on Thursday. November position closed at 4,521 per tonne gaining US\$ 44 while January position closed at US\$ 4,446 per tonne gaining US\$ 43 over the previous closing. Strength in the Brazilian currency (Real) was supportive for prices as it climbed to a 14-month high against the dollar. The stronger Real discourages export sales from Brazil's coffee producers.

**Inter Continental Exchange (ICE) Arabica coffee futures:** Closed lower on Thursday. December position closed at US cents 386.10 per losing US 0.80 cents while March closed at US cents 372.80 cents per lb losing US cents 0.75 over the previous closing. Arabica Prices moved lower as weather forecast showed that rainfall in Brazil's main Arabica growing region is expected to intensify next week.
