6. Global Situation

World coffee production for 2024/25 is forecast to reach 6.9 million bags higher than the previous year to 174.9 million due primarily to rebounding output in Vietnam and Indonesia. World exports are forecast to be slightly higher as gains in Vietnam and Indonesia more than offset reduced shipments from Brazil. Global consumption is expected to increase by 5.1 million bags to 168.1 million, with the largest gains in the European Union, the United States, and China. Ending stocks are expected to drop by 1.5 million bags to 20.9 million. (United States Department of Agriculture, Coffee: World Markets and Trade report-December 2024).

8.Coffee Consumption and Promotional Activities.

MAAIF and the Consulate General of the Republic of Uganda in Guangzhou, participated in the 135th Canton Fair from 1st -5th May 2025 . Specialty Arabica and fine Robusta were served daily at the Uganda booth, attracting over 3,000 visitors and generating strong interest particularly in Uganda's Sipi and Bugisu AA green bean. More than 40 high-quality trade leads were secured, including buyers from China, Saudi Arabia, and Qatar. Uganda's visible presence at one of the world's largest trade fairs reaffirmed its rising profile as a competitive origin for specialty coffee in international markets. Following the Canton Fair, the Uganda–China Coffee Awareness Tour 2025 was held, offering key Chinese coffee stakeholders' firsthand insight into Uganda's coffee value chain. The delegation toured Masaka, Kasese, Mbarara, and Mbale visiting farms, processing factories, and holding cupping sessions with leading cooperatives and exporters. The tour, jointly organised by MAAIF, the Embassy of Uganda in Beijing, the Consulate in Guangzhou, and the Ministry of Foreign Affairs, led to renewed investor confidence, deeper trade engagement, and concrete interest in value-added investments such as roasting, packaging, and joint ventures. The tour showed Uganda's readiness to meet the evolving demands of China's dynamic coffee consumption market.

The Coffee Department participated at the annual Pearl of Africa Tourism expo (POATE) 2025 from 21st – 24th May 2025 at Speke resort Munyonyo convention centre which was an avenue that provided the MAAIF's visibility to the tourism sector, popularized the coffee value chain and improved the public's view about coffee and its health benefits.

The ninth POATE 2025, themed "Tourism and Sustainable Transformation," was attended by over 3,000 delegates from over 50 countries. The event solidified Uganda's position as a premier tourism destination, showcasing its vibrant culture, wildlife, and sustainable tourism initiatives. It gave us an opportunity to showcase the different coffees produced in Uganda as well as serve a great cup of coffee beverage to the participants. Throughout the event, premium coffee beverages were served to attendees, including espressos, black coffee, cappuccinos, and Americanos. Attendees learned about the health advantages of coffee through interactive discussions and informative materials.

The entire coffee value chain was also presented right from cherries to roasting and grinding, highlighting our commitment to quality and sustainability.
